

AITOR VÉLEZ

GRADUATE IN VIDEOGAME DESIGN AND DEVELOPMENT

Hi, my name is Aitor and I've studied Videogame Development. I'm 24 years old and my goal is to find a job that allows me to develop all the skills I learned during my time at college. I've been part of working teams and I took on different roles due to the multidisciplinary degree I was in. I am also open to be part of any technological project that can make me learn more and grow personally and professionally.

EXPERIENCE

Test Engineer (Gaming Labs International) February 2023 – Present : My job consists on running different kind of tests on iGaming software to ensure it complies with the corresponding legislation. Among other responsibilities I am responsible of reporting tests, creating documentation, and customer relation.

Junior QA Support (iVoox Global Podcasting) April 2022 – February 2023: iVoox is a leading podcasting App, available in Android and iOS. My main responsibilities were bug reporting and testing. I was part of the technical support team, where I helped users with their technical difficulties or their suggestions in order to improve the App. We worked in an agile environment.

KNOWLEDGE AND ABILITIES

- Teamwork using agile methodologies. (Scrum, Kanban)
- Attention to detail, Test planning, Bug Tracking, Critical thinking and Adaptability.
- Software knowledge (Jira, Adobe, Autodesk, Microsoft Office, Unity, Unreal, Github)
- Multidisciplinary profile, with experience in programming (C, C++, C#), knowledge of Game Design, and Art (3D modelling).
- Self-learning ability and curiosity to learn new things.
- Ability and experience in leading and organizing work teams (Management).

INTERESTS

- Sport is one of my main interests, as it helps me to switch off and just focus in physical activity. I see sport as a social and healthy activity.
- I really enjoy going to the cinema, specially I love Science-fiction films.
- I am very fond of travelling, interacting with people and exploring new places.
- My dream is to be part of any technological project that is ambitious, and can reach lots of people and make their lives better.
- And OBVIOUSLY, Video Games are my passion.
